

National Conference on Fisheries & Aquaculture

“Harnessing the Untapped Potential of Fisheries and Aquaculture”

13 December 2019: Shangri-La Eros Hotel, New Delhi

Programme Outline

0900-1000 hrs	Registration & Networking
1000-1100 hrs	<p>Inaugural Session: Blue Revolution – Vision 2030</p> <p>The Inaugural Session will deliberate on key interventions needed to strengthen and sustain the Fisheries and Aquaculture sector and pave a roadmap with action that can be implemented in the next 10 years to achieve the following key objectives.</p> <ul style="list-style-type: none"> ➤ improve the domestic consumption ➤ value addition to inland and marine fisheries ➤ improve the export and sustain the same ➤ reduce wastage and production cost
1100-1200 hrs	<p>Session I : Fisheries & Aquaculture : Policy and Programmes</p> <p>The session will deliberate the government policies, programmes, state government programmes, NTBs, Anti-Dumping issues etc.</p>
1200-1345 hrs	<p>Session II: Infrastructure and Trade</p> <p>The session will deliberate the expectations from policy makers to strengthen the land-based fishery clusters and its infrastructures for domestic and export demand, jetty based infrastructure for deep sea fishing, port-based infrastructure, hatcheries, role of technology, cold-chain facility, challenges and the ways to increase the market share to other geographies, coastal aquaculture challenges and opportunities etc.</p>
1345-1430 hrs	Lunch
1430-1630 hrs	<p>Session III: Technology, Innovation and its Dissemination</p> <p>There is a lot of potential in the value added by products that can be created out of this sector like fish oil, nutraceuticals, bio fuel etc. These value-added services if integrated as part of the supply chain can provide means to economic growth and employment opportunities for the women workforce involved in the sector. A lot of research is being carried out in various institutes that needs to be commercialized at an industrial level to transfer its real benefits to the producers. Additionally, there is enormous opportunity to look at international technology innovations and knowledge transfer.</p> <p>The session will deliberate on key research and innovations undertaken at research institutes for the Fishing Boats, Packaging technology, Processing, Value added technology etc., and how to commercialize these technologies at a larger scale.</p>
1630-1700 hrs	Session IV: Success Story by Progressive Entrepreneur / Exporters
1700-1730 hrs	Takeaways and Concluding
